## Eco Committee Meeting Agenda/ Minutes 28.11.19

	Item	Outcome	Action Required
1	Welcome	All members present welcomed and register taken. This is a partial meeting of P5 and above (P1-4 at a Parent Council event).	
2	Actions from previous meeting:  a) Pen recycling b) Email to staff	a) Members made 5 new pen recycling boxes for classes who did not have one. b) Members composed an email to send to all staff asking them to add the following to their email signature to help reduce unnecessary printing:   Save paper and energy - Do you really need to print this email?	a) 3 still required when resources available (for Nursery, ICT suite and Room 10). b) Miss Illingworth to send email. Members to check with own class teacher before next meeting – have they done this?
3	P7/6 Rainforest/ sustainability assembly	Single use plastic bottles are a big problem – we need to use refillable bottles. Straws are a big source of plastic waste. All classes need to know how to help us with our plans.	Do a survey of how many pupils in each class bring a refillable bottle to school every day. Speak to kitchen staff about straws – can they be recyclable? We will plan to share our eco initiatives at an assembly.
4	Website	Members asked to review website and decide if any updates/ changes are required.	Tell own class where to find Eco Committee information (ask teacher to show on IWB).
5	Litter rota	Discuss how to manage litter picking in term 3 (January – April).	Further planning needed... most members think a weekly system would be best and all classes take a turn.
6	AOB Next meeting	Monday 27 <sup>th</sup> January 2020
