Date: March 2020

Dear Parent/Carer

In light of Government guidance with regards to self-isolation and potential school closures, please find learning and teaching activities within this pack to ensure education continues whilst children are not in school.

There are activities for Literacy and Numeracy for children to work through at home and all children are being asked to complete an independent topic study on Japan. Japan has been selected as an IDL focus due to the planned Olympic Games this summer. There are some activities included in the pack but pupil choice should guide this topic with opportunities for art, music, ICT, literacy and languages, RME and Social Studies through this context for learning. Work can be shared through Twitter and we will showcase learning when we return to school in each class.

Home Link diaries include Big Maths Learn Its and Fry Spelling List therefore these can be used at home for number bond revision, times tables, spelling and reading. Please find below a list of websites which can be used to support learning at home, children have their log ins in their home link diaries or attached to the folder and many of the education websites/apps have given free access during these uncertain times.

Pupil Glow log-ins have been reset and you will find these on the home learning pack folder. All other log-ins will be inside folder or in the do not forget page of home-link diaries.

If you have any questions please contact the school office.

Yours sincerely

A handwritten signature in black ink that reads 'Christine McMillan'.

Christine McMillan
